

## How to search for a patient on the RCVS Knowledge Canine Cruciate Registry

If you have a patient that you cannot find on your work list or your task list you can search for them.

Using the search function, you can search for the patient's name or the client surname.

By pressing on the pathway, you can access their account if you are expecting to find a patient but cannot find one it's possible that the owner has not completed their registration yet.

Our transcripts and closed captions are generated manually and automatically. Every effort has been made to transcribe accurately. The accuracy depends on the audio quality, topic, and speaker. If you require assistance, or something doesn't seem quite right, please contact [ebvm@rcvsknowledge.org](mailto:ebvm@rcvsknowledge.org)
