

*Veterinary Evidence* is an online, open access, peer-reviewed journal owned and published by RCVS Knowledge. It publishes content relating to evidence-based veterinary medicine (EBVM) and its application in veterinary practice to enhance the quality of care provided to patients. The journal is aimed at veterinary surgeons, veterinary nurses, paraprofessionals and allied professions in the international veterinary community. veterinaryevidence.org

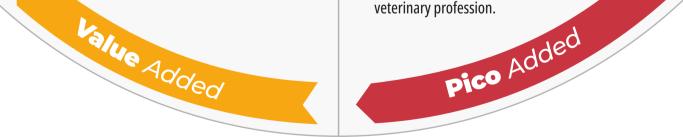

awareness of the "Strength of evidence" listing as it identifies opportunities for new research in areas with evidence gaps.

Promotion

Evidence strength The published Knowledge Summary is categorised and linked to from within a freely available <u>"Strength of</u> evidence" listing (zero, weak, moderate, strong).

submitting the question or as the author of the Knowledge Summary you have helped add to the evidence base.

to our online **<u>Clinical query list</u>** where it is available to be answered as a Knowledge Summary by anyone in the international veterinary profession.
